

# Visiting Artists Series

## Shining On Virtually... For Now

We know that people need the performing arts now more than ever. So, while our stage is temporarily dark, we are sharing virtual opportunities to keep the arts alive!

Visit our NEW Virtual page at [www.cedarburgpac.com](http://www.cedarburgpac.com) and follow our Facebook page for interesting and fun arts opportunities until we're back with "live" performances. Check out...

- Streamed performances from some of the incredible artists who have graced our stage over the past 20 years.

- Past artist-student master classes, on-stage collaborations, and performances geared toward young people.

- Links to other performances you may have missed and details of upcoming live performances in the area.
