

PUBLIC NOTICE TO ALL CUSTOMERS OF CEDARBURG LIGHT AND WATER

Cedarburg Light & Water Utility has proudly served the Cedarburg community for more than 120 years and takes pride in providing reliable service at the lowest possible cost. As a not-for-profit utility, we regularly review our rates to ensure that enough revenue is received to cover our cost of doing business. We are honored to be an integral part of the community we serve.

Cedarburg Light & Water Commission has filed an application with the Public Service Commission of Wisconsin (PSC) to increase electric rates. An adjustment has been requested to cover inflationary increases in operational and maintenance expenses and costs associated with maintaining the reliability of the electric distribution system. The last electric rate increase was approved in July 2024.

The utility is requesting an overall increase above the electric utility's present revenues of 5.38%, or \$694,290. This request is detailed in Cedarburg's electric rate application submitted to the PSCW on August 01, 2025. After review, Commission staff proposed a revised increase in rates of \$508,011 or 3.95%. The actual change to individual customers will vary with electricity usage, class of service and the ultimate rates authorized by the Commission. If the application is approved by the PSCW, per staff recommendation, the average residential customer using 613 kilowatt-hours (kWh) of electricity per month will see a total monthly increase of approximately \$4.07, or 4.88%.

An audiovisual hearing on the application has been scheduled for Wednesday, March 04, 2026, at 10:00 a.m. (CDT). This virtual hearing has no physical location at PSCW's office in Madison, WI. Members of the public may attend by internet or telephone or listen to the live broadcast on the PSCW's website at <http://psc.wi.gov> under the "PSC Live Broadcast" button.
