

PUBLIC NOTICE TO ALL CUSTOMERS OF CEDARBURG LIGHT & WATER UTILITY

Cedarburg Light & Water Utility has filed an application with the Public Service Commission of Wisconsin (PSCW) to update electric rates. The adjustment has been requested in order to better align rates with costs and to reflect current wholesale energy costs. The last electric rate update was approved in May 2016.

The utility is requesting an overall increase above the electric utility's present revenues of 0.5%, or \$58,268. This request is detailed in Cedarburg Light & Water Utility's electric rate application submitted to the PSCW on September 22, 2021. After review, Commission staff proposed a revised decrease in rates of -\$43,127 or -0.23%. The actual change to individual customers will vary with electricity usage, class of service and the ultimate rates authorized by the Commission. If the application is approved by the PSCW, the average residential customer using 691 kilowatt-hours (kWh) of electricity per month will see a monthly decrease of approximately -\$0.41, or -0.5%.

An audiovisual hearing on the application has been scheduled for Tuesday, June 21, 2022, at 11:00 a.m. (CDT). This virtual hearing has no physical location at PSCW's office in Madison, WI. Members of the public may attend by internet or telephone or listen to the live broadcast on the PSCW's website at <http://psc.wi.gov> under the "PSC Live Broadcast" button.
