

START SAVING WITH A SMART THERMOSTAT

A smart thermostat is a Wi-Fi enabled device that “learns” your habits to help you manage home heating and cooling costs. It adjusts your HVAC equipment based on your home’s unique energy profile and the weather outside, so you can save energy and money without sacrificing comfort. A smart thermostat can save up to \$120 annually and typically pays for itself in two years.

For a limited time, Cedarburg Light & Water residential and general service business electric customers who purchase and install a new, qualifying smart thermostat can earn a \$75 bill credit from Cedarburg Light & Water. To receive your incentive complete and return the form below with proof of purchase and the model number.

EARN A \$75 BILL CREDIT TODAY!

You may also be eligible for an additional \$75 dollars from Focus on Energy. Visit FocusonEnergy.com/smart for more information.

SMART THERMOSTAT BILL CREDIT

To request your bill credit, **apply online today at cedarburglightandwater.org**, or return this completed form along with a copy of your receipt to our office or scan and email to generalmail@cedarburglightandwater.org.

Customer Name (first, last or business name)		Cedarburg Light & Water Account Number
Customer Street Address	City, State	Zip Code
Contact Phone Number	E-mail	
Thermostat Brand	Model Number	Date Installed

To qualify, smart thermostats must be ENERGY STAR certified and on the qualifying list at focusonenergy.com/smart. Available for purchases made between 4/1/19 and 11/1/19. Completed form and receipts must be received prior to 11/30/19. Limit one smart thermostat incentive per heating/cooling system. Maximum total incentives cannot exceed 80% of the thermostat retail cost. Subject to limited availability of funds.
